### **Recommendation for the International Student Identity Card (ISIC)**

The Netherlands National Commission for UNESCO supports the International Student Identity Card (ISIC) and its recognition in The Netherlands. The purpose of the ISIC Student ID Card is to help students take advantage of offers on travel, studies, shopping, museums etc. worldwide.

Any full time student studying full time at school, college or university is eligible for an ISIC card.

The ISIC may help increase mobility among students - Dutch as well as students from all other countries.

Throughout the years UNESCO has supported similar activities and wishes to promote the mutual recognition of qualifications giving access to higher education, periods of study and higher education qualifications as laid down in the Lisbon Recognition Convention (1997).

On behalf of the Netherlands National Commission for UNESCO,

Yours sincerely,

Robert Quarles van Ufford  
Secretary General
