February 2010

Ref.: 139 / Dir. - V / SP / II / 2010

Dear Eridanus Faizal,

We are delighted to welcome the ISIC in Indonesia. As the only internationally recognised Student ID Card endorsed by UNESCO, the ISIC shall be an ideal tool to give benefits and travel opportunities to Indonesian students.

The Museum Directorate supports the ISIC mission of increasing international understanding through the development of cultural and educational exchanges for all students and young people worldwide. Therefore, we shall inform all museums in Indonesia that the ISIC is now present in our country and we shall ask them to accordingly welcome ISIC, ITIC, IYTC card holders and grant those discounts. This mutual cooperation of ISIC and all museums in Indonesia shall increase the number of students visiting Indonesian museums as well as increasing student's awareness and appreciation of Indonesia's national heritage.

Welcome to Indonesia! We wish the ISIC success.
